DISCOVERT SOLVEST is a versatile cleaning solvent used to dissolve grease, resin and adhesives. It effectively removes grease without damaging materials.

DISCOVERT SOLVEST is a non-toxic and environmentally responsible alternative to chlorinated or hydrocarbon solvents that can be harmful to the environment and operators.

## Advantages

- Readily biodegradable
- Halogen free
- VOC free
- CMR free
- High flash point
- Inert on metals
- Not subject to safety labelling

## USES

- Remove residue such as resin, adhesives, screen printing ink, marking ink, etc. from practically all surfaces.
- Dissolve particularly stubborn grease stains or rust on mechanical components.
- Smoothing reticulated polyurethane (RP) (sealing and fastening in the aerospace, automotive industry, etc.).
- Remove grease from the surface of rubber for better adherence (tack).
- Remove all traces of penetrant (even on porous materials) in dye penetrant and magnetic particle inspection.
- **Do not apply on plexiglass, makrolon, etc.**

## DIRECTIONS FOR USE

Ready to use, the DISCOVERT SOLVEST is used as supplied and without dilution:

- In circulation pipes
- By brushing or swabbing

- By wiping with a cloth or wipe
- In a hot or cold bath, with or without ultrasound (60°C)
- In parts washers

After cleaning, wipe off using a dry wipe or dry using compressed air.
